## Ring Size Guide

Before using this guide, print it on an A4 size, scaled to 100% (ensure that the 'page scaling' option is set to "none"). To check the scale is correct, measure the line below with a ruler and ensure it measures 10 mm.

### Match your Ring

Get a ring that fits well on your finger - the same finger you intend to use the ring you are buying, and match the inside of that ring with one of the circles.

### Measure your Finger

Use a ribbon or a string and wrap it around your finger. Use a pen to mark where the ends of the string meet. Using a ruler, measure that length in millimeters. Match it to one of the ring sizes.
